Joe.

The 3rd Emergency Rescue Squadron has been meeting annually in September for many years. Many of the Squadron members attend these reunions, which are held in different cities around the country each year so that members do not always have to travel long distances to attend.

This past September was going to be the last reunion for the Squadron as many of them are getting quite elderly and are having difficulty attending. During this reunion someone mentioned that perhaps we could get a website so that, even if we did not have an annual reunion, at least we could keep in touch with one another.

As the son of one of the members, I took it upon myself to obtain the domain name "3rdERS.com" and I set up a small website to try to keep the communication between members going.

The Squadron Historian is Bill MacDermott (macderm@cafes.net). and I look to him for much of the Squadron's History. As he sends me items I post them to the site. I have made an open invitation to all members, and anyone else for that matter, that if they have any information, documents or photos that they feel would be a good addition to the site, they could send me the material and I will scan it and then post it to the site and return the originals to them. If, and when, anything is received I will put it up. That includes anything that you might have that you would be willing to send me.

Please note that I am forwarding this email to Bill MacDermott as he may be able to provide you with much more information that I can.

Dear 3rders,

My daughter and I saw the logo from the 3rders and both took photos of it this past weekend 2-2-08 at Dothan. The museum has it in the staircase. We both loved it!!!! After researching the 3rders history we want to know more. I am touched by the men and woman of the rescue unit deeply. Please let me know what I can do to keep this history ALIVE.

Sincerely, Joe, Joseph (Embry-Riddle Aeronautical University 2007/Army Aviation) , Michele (Global History teacher, Saranac Lake, NY 12982) and Tara (USMC/USNA 2008) Plotino
